

Gaetani Crime Family

This faggot and cannibalistic sodomite monkey Prince Roffredo is on a relentless attack. This turd also is a coward who faked his death.

Prince

The Gaetani or Caetani family are a bloodline of the Black Nobility and part owners of the Gambino crime family and the Gottis as well as the Philly crime family. The Gottis and Gambinos are the most murderous group in the United States and they need to be completely

exterminated out of existence. The Gambino crime family run underage prostitution rings and have been convicted of this. The Gaetani ancestry goes back to the Tribe of Getae in the Black Sea region which moved into Rome establishing the Duchy of Gaeta. The Getae were originally from the Massagetae clan of Scythia. The Massimo and Gaetani families both originated from this clan. They migrated into Italy and mixed in with Roman gentile families like the Maximii, Catii, and Anicii families. The Cattaneo family of Genoa and Naples also have a similar ancestry as the Gaetani or Caetani family. Prince Bonifacio Gaetani-Dell'Aquila-d'Aragona is a member of this nobility and is married to Ginevra Elkann of the Agnelli-Elkann billionaire family. The Gaetani family are part owners of the Gambino crime family through the Gotti family. Gotti means Goth and the Gothic tribes were often connected with the Getae tribe and Goths of Gotland that settled up in Scandinavia. The Goths and Gaeta have been intermixed for thousands of years. The Gaetani family also established the Gatti-Grami family of Lombardy in northern Italy likely through a marriage with the Gotti family. The earliest documented Gotti was Vincenzo Gotti from northern Italy during the 16th century and he migrated to Rome and then to Naples. John Gotti Jr. works under the Gaetanis and also works under the Gambinos which are owned by the Massimos. When I first went after Gotti Jr. he got scared and pointed at Prince Roffredo as his boss. Prince Gianluigi Gaetani D'Aragona is a member of the Naples branch of Gaetanis and the consul to South Africa. Prince Gherardo Fedrigo Gaetani Dell'Aquila Aragona is a high level member of the Roman Gaetanis. The Gotti family of the Gambino crime family originated in San Giuseppe Vesuviano, Naples. Prince Roffredo Gaetani dated Ivana Trump and is friends with Donald Trump. Donald Trump has several connections with the Italian Mafia and Gambino crime family like using the mafia lawyer Roy Cohn and using the Genovese-Gambino owned S&A Concrete to build his Trump Towers in Manhattan. Prince Roffredo Gaetani-d'Aragona-Lovatelli paid off people on the internet to spread rumors that he died which is not true. His brother Luca Gaetani of L'Aquila d'Aragona Lovatelli also faked his death just over a year after Roffredo's fake death and they are hiding out in Switzerland and northern Italy. They need to be hunted down and violently executed. The Gaetani-d'Aragona-Lovatelli family are owners of the Philly Mob with Joey Merlino as the top boss. Philadelphia is nicknamed the "City of Brotherly Love" similar to Lovatelli. Brotherly love really refers to homosexuality which is common in prisons. Gangsters use rape to dominate over other men. That is what faggotry really means.

The Gaetani family had two popes with Pope Gelasius II or Giovanni Gaetani of the 11th century and Pope Boniface VIII or Benedetto Gaetani of the 13th century. Pope Boniface VIII was taken out of

power for opposing the French monarch which was allied with the Colonna family of Rome. The Gaetani family have often conflicted with the older families of the Black Nobility. The Black Nobility have run the foreign monarchs as proxies which they use against their rivals. In more recent centuries the Gaetani family have married in with the House of Colonna. Pope Boniface VIII created Sapienza University in Rome. Valter Mainetti is an Italian billionaire that owns the international real estate company Sorgente Group which owns Flatiron Building in Manhattan with Veronica Mainetti as the head of Sorgente USA. Vincent Viola is an Italian-American billionaire worth over 2 billion and is really a white collar agent of the Gottis. Vincent Viola works closely with Anthony Bonomo who is another high level white collar Italian mobster. The Gaetanis have been the Dukes of Sermoneta in Lazio, Italy. This family gained more power by marrying in with the Aragona family of Spain which ruled in Sicily establishing the Gaetani-d'Aragona name. They became the Dukes of Laurenzana a town in southern Italy. The Gaetanis had two marriages with the Canossa family of northern Italy and have an alliance with the Canossas today with Marquis Sigifredo di Canossa as the current head with his wife Ghilla Gaetani dell'Aquila d'Aragona. Onorato Gaetani was a mayor of Rome in the 19th century and Prince Michelangelo Gaetani was a governor of Rome and gained more power by supporting the House of Savoy. Michelangelo's daughter established the Gaetani-d'Aragona-Lovatelli family branch today with Prince Roffredo Gaetani-d'Aragona-Lovatelli and Prince Gelasio Gaetani-d'Aragona-Lovatelli. Prince Gelasio Gaetani refers to himself as the "Wizard of Wine" and he is involved in trafficking of adrenochrome and human blood. Prince Onorato Gaetani was Minister of Foreign Affairs in Italy during the 20th century and his son Prince Leone Gaetani worked in the Italian government and traveled to the Mid East making various connections. Leone's mother was Lady Constance Adela Bootle-Wilbraham of British nobility and Leone later moved to Canada. Ndrangheta clans have large operations in Canada. The financier Prince Andrea Cattaneo-Della Volta founded Zenith Energy which is headquartered in Canada and does business in Azerbaijan. The Cattaneo della Voltas own Azerbaijani mafias which specialize in kidnappings and extortion. The Cattaneo family of Naples are also covert managers of some Ndrangheta and Camorra clans. The Gottis are both Camorra and Sicilian Mafia and current members include John Gotti Jr, Victoria Gotti John Gotti-Agnello, Carmine Gotti-Agnello, Frank Gotti-Agnello, Peter Gotti Sr, Peter Gotti Jr and his son John Gotti as well as John Gotti III the MMA fighter. John Gotti Jr. can be seen associating with the gangster rapper 50 Cent who is a covert boss of East Coast street gangs like the Bloods and the Crips. Jimmy Iovine is an Italian from Brooklyn, New York and he is a covert agent of the Gottis and their Brooklyn faction headed up by Louis Vallario.

Jimmy Iovine is worth about 1 billion and he works with the gangster rapper Dr. Dre who is a top boss of the West Coast Crips.

The House of Gaetani have part shares in the businesses of the Caltagirone family with Francesco Gaetano Caltagirone worth over 2 billion. The Caltagione family own Cementir Holding which runs subsidiaries involved with international cement production with a large operation in Scandinavia. Flavio Cattaneo is a board member of Cementir. The Cattaneo family are a similar bloodline that ruled in Genoa with Prince Carlo Gregorio Cattaneo and Prince Andrea Cattaneo-Della Volta as current members. The Cattaneos of Naples currently have numerous members working in politics and journalism. Prince Carlo Gregorio works in construction and he oversees Camorra clans. The Cattaneo family operated as debt collectors for Genoese bankers. The Italian Mafia has been continually connected with concrete, cement, and construction companies. They use these types of businesses for disposing of bodies and also so they can construct hidden ways to infiltrate into buildings for espionage, assassinations, and extortion. Around 2013 there were dozens of "suicides" of bankers. The mafia were throwing bankers off of buildings to cover up an international banking scandal including the Libor Scandal. The mafia often build banks and business buildings with secret underground entrances. In Italy the mafias like Ndrangheta have constructed entire towns with hidden passage ways, underground bunkers, and tunnels for hiding out, escaping, and storing drugs, weapons, and contraband. Michele Zagaria was a top boss for Camorra and was found hiding in a reinforced bunker under his home. Ndrangheta boss Francesco Pesce was found living in a bunker underneath a junkyard and equipped with high tech surveillance and a trap door. John Travolta who played Gotti Jr. in a movie is secretly related to the Cattaneo della Volta family and the Gaetanis and Cattaneos manage Hollywood actors who are also made men in the Italian Mafia including Robert De Niro, Joe Pesci, Paul Sorvino, Domenic Chianese, Tony Sirico, Michael Imperioli, and Steve Buscemi. They are both Hollywood actors and made men in Cosa Nostra. The Gaetanis are married with the Howard British and Roman Catholic nobles which are loyal to them. The Gaetani family are top management and command over the international Ndrangheta clans and they manage the gatekeepers which protect the Black Nobility and higher level mafias. Ndrangheta like Gaeta. The Gaetani family manage some mid level Italian nobles which operate as gatekeepers for higher level families like the Savoy, Massimo, Colonna, Borghese, and Torlonia families. The Gaetanis pretend to be the head of the Black Nobility. They are not. They also manage gatekeepers for Switzerland and the Bank for International Settlements which is financing their criminal agenda and their attempt at taking over. Gaetani refers to gate.

Prince Roffredo Gaetani d'Aragona Lovatelli is an owner of the Gambino-Gottis and Philly Mob headed up by Joey Merlino. Prince Roffredo Gaetani and his brother Prince Luca Gaetani faked their deaths within about 1 year of each other and they have been hiding out in Switzerland and have been working closely with the Savoy. The reason Prince Roffredo faked his death is because he is the preselected President Trump's real boss.

Caetani, or **Gaetani**, is the name of an **Italian noble family** which played a great part in the history of Pisa and of Rome, principally via their **close links to the papacy**.

The Caetani, or Gaetani family has Roman and **Gothic origins**. According to family tradition they were descendants of the Dukes of Gaeta, and traced their maternal ancestry to the Roman gens Anicia through the Counts of Tusculum.

<https://en.wikipedia.org/wiki/Massagetae>

The **Massagetae**, or Massageteans,[1] were an ancient **Eastern Iranian nomadic tribal confederation**,[2][3][4][5] who inhabited the steppes of Central Asia, north-east of the Caspian Sea in modern Turkmenistan, western Uzbekistan, and southern Kazakhstan.

Many scholars have suggested that the Massagetae were related to the **Getae** of ancient Eastern Europe.[10]

In Central Asian languages such as Middle Persian and Avestan, the prefix **massa means "great", "heavy", or "strong"**. [13]

In their dress and mode of living the Massagetae resemble the **Scythians**.

Vicenzo **Gotti** (c. **1580 - 1636**) was an Italian painter of the Baroque period.

He was born in Bologna, where he initially had been, alongside Guido Reni, a pupil of Dionysius Calvaert. At the age of 20 years, he **moved**

to Rome with Reni. After some time, he **moved to Naples**, where he became a prolific painter. He died at Reggio Calabria.

John Gotti Jr. is still an acting boss of the Gotti faction of the Gambinos. Gotti Jr. is one of the biggest pedophiles on the planet. He rapes little boys and like many of these Italian mobsters he dresses up as a woman while he does it. John Gotti Jr. and most criminals use faggotry for control. Faggotry is men raping other men to dominate them. The word faggot and fasces both mean a bundle. Fasces is where the word fascism derived from. Fascism means a centralization of power and the bundle of sticks with an axe is its most common symbol. During WWII the Italians were fascists. Corrupt militaries also use faggotry and is how they get soldiers to submit. John Gotti Jr. is a faggot that rapes other mobsters like his nephews the Gotti-Agnellos. Italian mobsters are faggots which are men who rape other men for control. I am not talking trash about him. Gotti Jr and many mobsters are literally faggots and pedophiles. John Gotti needs to be dragged out of his Long Island mansion and burned alive. That is the only way to deal with mobsters especially cowardly mobsters like Gotti Jr. who when I first started exposing him he quickly pointed his finger at Prince Roffredo however his higher level boss Prince Fabrizio he would not mention.

Ahh!"

Three bankers in New York, London and Siena, Italy, died within 17 months of each other in 2013-14 in what authorities deemed a series of unrelated suicides. But in each case, the victim had a connection to a burgeoning global banking scandal, leaving more questions than answers as to the circumstances surrounding their deaths.

The footage shows the three-story fall didn't kill Rossi instantly. For almost 20 minutes, the banker lay on the dimly lit cobblestones, occasionally moving an arm and leg.

As he lay dying, two murky figures appear. Two men appear and one walks over to gaze at the banker. He offers no aid or comfort and doesn't call for help before turning around and calmly walking out of the alley.

I Della Volta in 1309 with the families Mallone, Bustarino, Marchione, Stancone, Ingone and Libertino (all extinct for some time) constituted

Like other Genoese families (D'Oria , Imperiale , Serra and Grimaldi), the Cattaneo, finding themselves in a delicate situation, had to send one of their members to **Naples** (and also to Madrid) to protect their interests as **debt collectors**.
